

ALSHAN RIJAL

TECH ENTHUSIAST / SOFTWARE DEVELOPER & AI ENTHUSIAST

Work Experience

Software Developer

Himalayan Tech Solutions Pvt. Ltd. – Kathmandu, Nepal

Feb 2025 – Present

- Developing and maintaining web-based applications using modern programming frameworks.
- Collaborating with cross-functional teams to design scalable software solutions.

Junior ML Engineer Intern – R&D Department

Techspire Solutions Pvt. Ltd. – Itahari, Sunsari

Jun 2024 – Sep 2024

- Assisted in developing machine learning models for data classification tasks.
- Collected and preprocessed datasets for experimentation and model training.
- Worked with Python libraries such as NumPy, Pandas, and Scikit-learn.

Academic Data / Education

+2 Science (Computer Major)

Vishwa Adarsha Academy

Jun 2025 – Present

- Studying Physics, Chemistry, Mathematics, and Computer Science as major subjects.
- Gained strong foundations in algorithms, data structures, and programming.
- Worked on small projects involving Python and data analysis.

SEE (Computer Science & Engineering Stream)

Shree Bhanu Secondary School

May 2022 – Mar 2025

- Completed Secondary Education Examination (SEE) with a focus on Computer Science and Engineering fundamentals.
- Built foundational knowledge in programming logic, mathematics, and computer hardware basics.
- Developed early interest in Artificial intelligence and software development.

• About Me

I'm Alshan Rijal, a teenager from Nepal who's spent the last 4-5+ years deep in tech from AI/ML to the MERN stack to cloud systems. I care less about isolated exercises and more about building things people actually use, and right now that means NOVA, an AI assistant I'm developing for real-world, intelligent assistance.
